Journal [of the] Legislative Assembly
1882

72000.1882.002

The Legislative Assembly of the Hawaiian Islands was opened by His Most Gracious Majesty the King on the 29th day of April A.D. 1882, at 12 o'clock M. pursuant to Royal Proclamation, Prayer was offered by the Rev. A. Mackintosh, after which His Majesty addressed the Assembly, as follows,

Nobles and Representatives: Since the prorogation of the Legislative Assembly in August 1880, a portion of My Kingdom has suffered from the plague of Small Pox. Happily, through the unremitting exertions of the Board of Health, the disease was confined to the Islands of Oahu and Kauai, and in the latter Island it was by strict quarantine regulations confined within narrow bounds. It gives me pleasure to recognize the exertions of the officers of the Government in the performance of their arduous duties during this trying period, which, combined with the willing Co-operation and self denial of the people at large, contributed so much to limit the ravages of the pestilence.

Our relations with Foreign Governments continue in the most satisfactory state. At the desire of the Government of the Emperor of Japan, a revision of the Treaty with that Country was undertaken, but certain Political relations of the Empire with some of the Great

Powers induced the Japanese Government to request that the final ratification of said revised Treaty should be postponed for the present, and His Imperial Majesty the Emperor of Japan sent a Special Envoy to this Country to explain the situation.

I heartily appreciate the enthusiasm of My people on my return from abroad. During my recent tour around the world I was received in the most hospitable and friendly manner by the Rulers and Governments of the different Countries through which I passed. I shall always look back with pleasure to this trip, and I trust that what I saw and learned may accrue to the benefit of My people.

The figures which My Minister of Finance will lay before you in his Report, clearly exhibit the progressive and flourishing condition of our Agriculture, Commerce, and Finance, mainly due no doubt to the Treaty of Reciprocity with our near neighbor the United States of America, with which country our main Commerce has always been carried on. What this Kingdom seems most to require to ensure a continuance of its present prosperity is a thoroughly organized system of Immigration of families from some Country whose inhabitants will be congenial to our soil, to our sub-tropical climate, to our institutions, and above all to our

own people, whilst we welcome industrious families from all parts of the world, experience so far seems to point to the Portuguese from the Azores as those most readily available and likely to meet our requirements, and in view of the circumstance that difficulties had arisen in keeping up this stream of suitable population, I despatched in December last, My Minister of Interior His Excellency H.A.P. Carter to Lisbon to endeavor to remove those difficulties and with full powers to make a Treaty with His Majesty the King of Portugal, I have every reason to believe that his efforts will be successful. Such a system of Immigration, and numerous public improvements, imperitively called for in this progressive stage of our history, will require a Considerable outlay during the next biennial period and My Minister of Finance will ask you to pass measures authorizing a specific Loan for Immigration and for each great public improvement as it may be approved by the Legislature,

Nobles and Representatives:

Thankful to the Almighty for the blessings which this Nation has enjoyed in the past, I trust that your deliberations may result in an increase of happiness and a Continuance of prosperity throughout the Kingdom.

We do now declare the Legislature of the Kingdom Opened.

Nobles and Representatives: The session of the Legislative assembly of 1882 has finished its labors, and I congratulate you at the close of your deliberations, on the general prosperity of the Kingdom, and on account of a common hope in which I cordially share that my Kingdom is assured a new departure in the way of beneficent progress.

I am happy to state that our relations with Foreign Governments continue to be of the most satisfactory character. His Excellency my minister Plenipotentiary at the Court of Lisbon has concluded a provisional Convention with the Government of His Majesty the King of Portugal which favors immigration to our Islands.

You have provided amply for the best interests of the Kingdom — for the immigration to promote Repopulation;

for the sanitary welfare of the people; for increased and improved facilities of transit and communication, both inter island and foreign; for the care of our national interests abroad — especially the Treaty of Reciprocity with the Government of the United States; for more effective police administration; for the internal peace of the country; and for the encouragement of its chief industries. And I feel assured that these liberal provisions will be judiciously administered and faithfully carried into execution by my Ministers.

I thank you, gentlemen for the generous provision made for myself, Her Majesty the Queen, and for other members of the Royal Family.

I desire to express my appreciation of your legislation on various measures calculated to promote the welfare of my people; especially in the passage of acts: to consolidate and simplify our tax laws; to provide a loan for important measures of internal improvement; to promote a more effective control of the traffic in spirituous liquors; for the settlement of certain claims against Crown lands; for the audit of public accounts; and for the Coronation.

I trust at the close of your public duties, and on proceeding to your several homes, you will

as the result of your meetings and deliberations in the National Council, bear with you a warmer love of your country, and a deeper interest in your Nationality and Independence, and that in your several walks of life you will give assurance to your several Constituencies of the watchful interest of the Government in their welfare, and that conjointly with them you will strive for the best welfare of my Kingdom

Nobles and Representatives:

I pray that the Almighty will have you in His Keeping. I now declare the Legislative Assembly of 1882 prorogued —

C. A. Pierce
Secretary

I hereby certify that the foregoing Journal is a true and faithful record of the proceedings of the Legislative Assembly of the Hawaiian Islands which was convened on the 12th day of April A.D. 1882, and Prorogued on the 7th day of August idem.

C. A. Pierce
Secretary Legislative Assembly.
